

Dear New and Renewing North Atlantic FSC Member,

Welcome to the 2026–2027 membership year! Thank you for choosing North Atlantic FSC as the skating club for you and your family. NAFSC is committed to supporting the growth and success of all skaters and families.

Please review the [NAFSC 2026–2027 Membership Handbook](#) in full prior to submitting your membership application. By applying for membership, you are acknowledging and accepting the terms of our policies and procedures (linked on the last page of the membership handbook) including the NAFSC Member Agreement.

Membership opens **June 1, 2026** and the deadline for renewal is **June 24, 2026**. All current U.S. Figure Skating memberships expire on June 30, 2026 (with the exception of eligible Collegiate members). Timely renewal is important to avoid interruptions to ice privileges, delays in membership approval, and to allow adequate processing time for your U.S. Figure Skating membership.

Changes to this year's membership include the following:

- Revamp of the membership handbook to clarify and make it easier to follow which membership to choose
- All forms and policies are now available via links in the membership handbook
- Your membership fee includes NAFSC/USFSA membership for the year
- There will no longer be mandatory monthly membership assessments for ice credits (monthly or annually).
- We are committed to offering additional discounts for ice credits for our membership! Discounted ice credit packages for members can be purchased between July 1-14, 2026. Options will include bulk ice packages at varying levels and a monthly subscription option. A re-up package will be offered throughout the year for members only at a continued discount. More information will be coming soon!

If you have any questions, please contact Membership Chair Allison Zanno at membership@northatlanticfigureskating.org.

We look forward to an exciting season ahead and are grateful to have you as part of our community.

Sincerely,

Austin Reeves
NAFSC President

Allison Zanno
NAFSC Membership Chair
